ABOUT THE COURSE

In today's rapidly changing business landscape, Environmental, Social, and Governance (ESG) factors have become critical drivers of long-term success. Understanding ESG risk and materiality is essential for businesses aiming to create sustainable value, mitigate risks, and attract responsible investors. This one-day course is designed to provide participants with comprehensive insights into ESG principles, materiality assessment, and effective integration of ESG into business strategies.

LEARNING OUTCOME

- Gain a deep understanding of ESG concepts and their relevance in the business context.
- Learn to identify, assess, and prioritize ESG risks and opportunities.
- Explore the materiality matrix as a tool for focused decision-making.
- Understand the impact of ESG on reputation, stakeholder engagement, and long-term performance.
- Discover best practices for integrating ESG considerations into business strategies.

TRAINER

Dr Nurmazilah Dato' Mahzan is a Certified ESG Analyst, Softech360 Advisor and a member of the IFRS Foundation Integrated Reporting and Connectivity Council (IRCC). She was a former member of Integrated Reporting Framework Board as well as the former Chief Executive Officer of the Malaysian Institute of Accountants (MIA). In MIA she led and implemented the transformation of risk management system, governance enhancement technology adoption and branding.

She also spearheaded strategic, operational, and financial plan to ensure effectiveness and efficiency. In addition, she was also involved in auditing and accounting regulatory function including financial statement review, audit quality and professional ethics. She has engaged with stakeholders of different sectors locally and globally including ministries, government agencies, companies, media, universities, business leaders and individuals. She also delivered keynote addresses and speeches locally and globally. Her recent work revolves around Integrated Reporting, ESG and the future of Corporate Reporting.

Dr Nurmazilah is a Certified HRDF Trainer, Certified Public Accountant, a Certified Internal Auditor and holds the Certified Risk Management and Assurance qualification. She also holds a PhD in accounting from the University of Birmingham, United Kingdom. She recently completed a course on climate change and Net Zero from the University of Cambridge. Dr Nurmazilah is a member of MIA, MICPA, CIMA, IIA Malaysia as well as an ASEAN CPA.

Among the training conducted by her this year was on ESG Awareness, Building ESG Framework, Incorporating ESG into organisation's Financial Reporting Framework and 2 days' Workshop on Advance Corporate Reporting with Integrated Thinking. She also spoke on various forums such as the ESG Conference organised by MIA, National Conference on Internal Auditing and Responsible Value Creation through governance by SIDC.
